# What is this ?

---

- ▶ This presentation is based on a simple theme
- ▶ This presentation shows how we can customize and make « beamer » ours
- ▶ Like the logo on the title slide
- ▶ And the logo on the top right corner

# How tough is it to make a presentation ?

---

- ▶ Not a lot
- ▶ Simple commands with a concept in mind for
- ▶ Colour
- ▶ Font
- ▶ Inner details
- ▶ Outer details

# Plan

---

1. The story of this presentation

2. Colors

# EPL brings colours to life

---

Blue Notice the colour of description item title

Still blue It can be set globally

Red ...but can also be changed if required

# You can personalize EPL. (S)he doesn't mind.

---

## Theorem (It's a theorem)

*You can change the way the boxes look and feel*

## Example

Exemplify EPL.

## Alert

Sometimes EPL gets carried away.
